CERTIFICATE OF ATTAINMENT

This is to certify that

has attended and successfully completed the course assessment and examination for the

ISO/IEC 27001:2022
ISMS FOUNDATION & AWARENESS COURSE

This certificate is awarded in recognition of the successful completion of the ISO/IEC 27001:2022 Foundation & Awareness Course, demonstrating a foundational understanding of Information Security Management Systems (ISMS), the key requirements of ISO/IEC 27001:2022, core information security principles, risk-based thinking, and Annex A controls.

The participant has developed awareness of how organisations establish, implement, maintain, and continually improve an ISMS to protect the confidentiality, integrity, and availability of information. The course also provides an understanding of roles, responsibilities, documented information, monitoring, internal audit awareness, and continual improvement within an information security management framework.

Successful completion reflects the participant's commitment to strengthening information security awareness and building a strong foundation for further learning in ISO/IEC 27001 implementation, internal auditing, and lead auditing.
