Name :

Overall Grade:

Training Program : CARBON TRADING & REPORTING

Successfully completed the Essentials of Carbon Trading & Reporting course, a 10-hour professional training program covering India's carbon market framework under the Carbon Credit Trading Scheme (CCTS), 2023. The learner gained foundational understanding of carbon credits, Greenhouse Gas Emission Intensity (GEI), baseline and target calculations, carbon credit certificate issuance, purchase obligations, reporting requirements, compliance procedures, and environmental compensation for non-compliance.

Course Curriculum	Description
Introduction to Carbon Credit And Reporting	Successfully completed the Essentials of Carbon Trading & Reporting course, gaining a solid understanding of India's carbon market framework, carbon credit calculations, GEI, compliance mechanisms, and reporting requirements under the Carbon Credit Trading Scheme (CCTS), 2023.
Charting India's Energy & Climate Journey	Successfully completed the Essentials of Carbon Trading & Reporting course, gaining foundational knowledge of India's carbon market, GEI, carbon credit calculations, and compliance frameworks under the CCTS, 2023.
Understanding Greenhouse Gas Emission Intensity (GEI) Target	Completed the Greenhouse Gas Emission Intensity (GEI) Targets module, covering baseline emissions, reduction targets, BEE methodologies, verification, and carbon compliance.
Indian Carbon Market Compliance Framework	Completed the Greenhouse Gas Emission Intensity (GEI) Targets module, covering GEI concepts, baseline emissions, reduction target setting, BEE methodologies, annual reduction trajectories, verification processes, and industrial carbon compliance requirements.
Carbon Credit Trading Scheme (CCTS), 2023	Completed the Carbon Credit Certificate Calculation module, including GEI comparison, credit calculations, and certificate issuance under Section 14AA.
Why Purchase Carbon Credits?	Completed the Carbon Credit Purchase Obligation module, covering GEI target shortfall calculations, carbon credit procurement requirements, reporting timelines, and compliance procedures under the carbon market framework.
Environmental Compensation for GEI Non-Compliance	Completed the Environmental Compensation for GEI Non-Compliance module, covering penalties, compensation calculations, and enforcement under India's Carbon Credit Trading Scheme.

This transcript forms an integral part of the Certificate of Attainment and must be read in conjunction with it.
