PROGRAM TRANSCRIPT

Name : Jane Doe

Overall Grade: 85%

Training Program : ISMS INDUCTION TRAINING PROGRAM

This transcript records the participant's completion of the ISMS Induction Training Program, a structured online self-paced course focused on ISO 27001-based ISMS awareness, security policies, information security responsibilities, key controls, incident reporting, compliance obligations, and scenario-based knowledge checks

Course Curriculum	Description
Foundations of Information Security	Introduces ISO 27001, ISMS, the CIA Triad, and the importance of protecting ITC India's information assets.
Employee Security Responsibilities	Explains employee and role-based responsibilities for protecting data, systems, passwords, workspaces, and company assets
Security Controls at ITC India	Covers practical security controls such as acceptable use, secure communication, email safety, USB restrictions, and clean desk practices.
Incident Reporting & Compliance	Explains how to identify, report, and respond to security incidents while meeting ISO 27001, legal, and compliance requirements
Final Summary- One Test Report, Many Security Lessons	Connects all key learnings through one practical client test report scenario to help employees apply ISMS concepts in real workplace situations.
From Learning to Practice- ISMS Assessment	Assesses learners' understanding through practical questions and reinforces their responsibility to protect ITC India's information assets

This transcript forms an integral part of the Certificate of Attainment and must be read in conjunction with it.
