CERTIFICATE OF ATTAINMENT

This is to certify that

has attended and successfully completed the course assessment and examination for the

ISO 19011:2018 – GUIDELINES FOR AUDITING MANAGEMENT SYSTEMS

This certificate is awarded for successful completion of the listed, structured, self-paced modules covering the essentials of ISO 19011:2018 Guidelines for Auditing Management Systems, demonstrating foundational knowledge of audit principles, audit types, audit programme management, audit planning, audit evidence collection, audit findings, non-conformities, audit reporting, and audit closure.

The learner has gained an understanding of how audits are planned, conducted, documented, and reviewed in a systematic manner. This certificate reflects the learner's ability to apply ISO 19011:2018 guidelines to support effective auditing practices and continual improvement across management system.

Duration : **9 Hours**

Mode: **E-Learning, Video-based, Self-paced**
